

Comfort in Action

VECTRA SL synergizes advanced design with conventional styling for firefighters who prefer the traditional look. VECTRA SL is engineered with ample displacement for all-around comfort, mobility and performance. Ample displacement is key to improved bending of torso and limbs, and is compatible with all body types. VECTRA SL has many standard features that make it well-suited for all departments - from large metro

- 1 Body Cut Full design
- 2 Action back pleats
- 3 Ergonomic 2-piece arm
- 4 Underarm gussets in all 3 layers
- 5 Full-bellow coat pockets (9" x 9")
- 6 Full-bellow pant pocket (10" x 10")
- 7 On/Off adjustable waist support
